

EAGLE.ONE®

Hunting

- Load capacity **over 15 kg**
- Top speed **80 km/h**
- Can catch moving targets flying up to **62 km/h**
- Flight time **40 min**
- **8 motors**
- Net gun effective range **10 m**

Connectivity

- On board WiFi & GSM LTE modem
- Integrated tri-band GPS antenna

Construction

- Li-Po battery
- Carbon body
- Titanium CO2 net gun
- Parachute system
- Web connection

Targeting

- **Fully autonomous** flight control with target's movement prediction
- target's trajectory is recalculated **30 times per second**
- **Neural network**
- **3D Stereo Vision**

Control

- Compatible with DJI OcuSync
- Native iOS & Android app
- Open API for integration to any system

CPU

- 8th Gen Core i7 onboard
- Optimal model predictive control
